THE FOUNDRY TRADE JOURNAL

(with which is incorporated THE IRON AND STEEL TRADES JOURNAL)

ESTABLISHED 1902

INDEX TO VOLUME LXXVIII

January to April, 1946

A

Abrasion of Rolls, 168
Additional Clothing Coupons for Manual Workers, 52
A.F.A. Jubilee Congress, 347, 382
A.F.A. Nominates New Officers, 369
Agricultural Engineering Opportunities, 392
Air-Raid Damage, A Lesson from, 392
"Alar" Activities, 21
All-basic Open-hearth Furnaces, 18
Allocation of Tin, 90
Alloyed Grey Cast Iron, The Effect of Heat-treatment on the Endurance Limit of, 361
Aluminium Alloy Pistons, German, 414
Aluminium Alloys, Centrifugal Casting Applied to, 323
Aluminium and its Alloys, 162
Aluminium and Light Alloy Founding, 335
Aluminium and the Automobile Engineer, 295
Aluminium, Enamelling, 282
Aluminium Exhibitions, 151
Aluminium Fluoride and Silicon, Prices of, 181
Aluminium Flux, Dry Nitrogen as an, 130
Aluminium in Steel, Small Amounts of, 301
American Exchange Paper, 67
Anglo-Belgian Industrial Conversations, 122
Antimony, Price of Raised, 126
Appeal for Increased Production, 400
Application of Ethyl Silicate to Foundry Practice, 31, 61
Application of Time Study to Rate Fixing, 113
Australian Steel Industry During the War Years, 119
Automobile Engineer, Aluminium and the, 295

B

Banded Structures in Horizontal Centrifugal Castings, The Formation of, 191
Basic Characteristics of Magnesium, Industrial Significance of the, 370
Basic Open-hearth Slags, 292
Bath-making, Progress in, 242
Belgian-Anglo Industrial Conversations, 122
B.E.T.R.O., 380
Blast-furnace Gas, Characteristics of, 386
Blast Furnace, Worlds' Largest, 95
Boiler Plate, Carbon Steel, 180
Bolts, Nuts, Screws and Rivets, 65
Bonding Clays, British, 397

Book Reviews:

Foreman's Guide, The, 94
Handbook for Electric Welders, 30
Labour Protection and Accident Prevention in the U.S.S.R., 413
Law of Trade Unions, The, 182
Palmer's Company Guide, 200
Science and Social Order, 234
Standard Methods of Analysis of Iron, Steel and Ferro-alloys, 2

Brassert, H. A., & Company, Limited, 46
British Bonding Clays, 397
British Colour Council, 132
British Iron and Steel Federation, 351
British Pig-iron Production During the War, 13
British Resources of Steel Moulding Sands, 340
British Steelfoundry Developments, Recent, 409
British Steel Houses, 186
Bronze Pressure Castings Through Heat-treatment, Sealing, 210
Bronzes, The Gassing of by Reaction with Moulding and Core Sands, 87, 105, 147, 163, 209, 235
B.S. 497, Revision of, 258

C

Carbon Products, 180
Carbon Steel Boiler Plate, 180
Careers in Iron and Steel, 60
Casting Design, The Technological Principles of, 173
Castings, The Feeding of, 253
Cast Iron, Effect of Heat-treatment on the Endurance Limit of Alloyed Grey, 361
Cast Iron in Contemporary Building and Engineering, 418
Cast Irons, Some High Duty, 241
Cast Iron, Some Initial Results on the Influence of Tellurium as a Chill-inducing Medium in, 283
Cast Iron, Tinning of, 435
Centrifugal Casting Applied to Aluminium Alloys, 323
C.F.A. Slide Film Strip, 413
Chain Cable Control, 152
Characteristics of Blast-furnace Gas, 386
Charge Material in the Cupola, A Discussion on the Behaviour of, 259
Chill-inducing Medium in Cast Iron, Some Initial Results on the Influence of Tellurium as a, 283

Chrome Ore and Concentrates, Prices of, 38
Chrome Ore Prices, 402
Chrome Producer, Turkey as a, 95
Clothing Coupons, Additional for Manual Workers, 52
Colorimetric Determination of Zinc, 21
Combustion Appliance Makers, 442
Consumption of Non-ferrous Metals in 1945, 356
Continuation of Controls, 121
Control of Domestic Heating Apparatus, 349, 428
Control of Factory and Storage Premises, 181
Control of Labour, 12
Controls, Continuation of, 121
Control, Wasters Due to, 300
Conversion to Peace Production, Difficulties of, 376
Cook's War Effort, 390
Co-operation in Engineering, 252
Co-operative Research in the Iron and Steel Industry, Plans for, 258
Co-ordination of Research at Staveley, 156
Copper Development Association, 74
Copper in Steel, Determination of, 386
Copper Supplies and Prices, 121
Copper, U.S. Plans for Importing in 1946, 212
Coremaker Makes a Suggestion, A, 257
Corewashes, Tellurium, 366
Correspondence:
Banded Structures, 346
Defective Castings Due to Faulty Cores in a Malleable Foundry, 434
Foundry Work in the 'Seventies, 222
New Method of Feeding Applied to Castings Made in Static Moulds, A, 41
North-East Coast Engineering Bureau, 162
Sheffield Mechanics' Institute, 132
Tellurium in Cast Iron, 346
Toy Dies, 222
Council of Ironfoundry Associations, 367
Cupola Operation, 429
Cupola Practice, 399
Cupola Tapholes, A Note on, 93

D

Data Sheets, Light Alloy, 413
Deaths:
Mr. W. E. Clement, 200
Mr. W. B. Lake, 22
Mr. A. A. Liardet, 248
Mr. Robert Wilson, 189
Mr. Harry Winterton, 370
Defective Castings Due to Faulty Cores in a Malleable Foundry, 208
Denmark, F.B.I. Trade Mission to, 418
Design and Production of Iron Castings for Vitreous Enamelling, Specification, 371
Design, National Exhibition of, 181
Design, Wasters Due to, 348
Determination of Copper in Steel, 386
Determination of Nickel, 214
Development Areas, Wrexham and Wigan to be, 92
Diamond Wire-drawing Dies Control Withdrawn, 93
Die-casting, Alloys for Zinc Base, 11
Die-casting Plants, German, 320
Die-casting, Pressure, 201
Dietert Moisture Teller, 375
Difficulties of Conversion to Peace Production, 376
Disabled Persons, Employment of, 18
Discussion on the Behaviour of Charge Material in the Cupola, A, 259
Distribution of Industry, 408
Domestic Heating Apparatus, Control of, 349, 428
Domestic Hot-water Supply Boilers for Solid Fuel, 151
Duplex Pump Castings, 223
Dust Control, Ventilation and, in Foundries, 179

E

Ealing Park Foundry, 440
Economic Recovery, Nationalisation, Production and, 244
Education, Joint Committee on Metallurgical, 60
Effect of Heat-treatment on the Endurance Limit of Alloyed Grey Cast Iron, 361
Eire, Increased Imports into, 400
Eire, Steel Prices in, 214
Electrical Equipment, Machine Tool, 244
Electrolytic Manganese in Steel, 188
Employment Figures, 22
Employment in Industry, 122, 274
Employment of Disabled Persons, 18
Employment of Substitute Labour, 188
Employment on the North-East Coast, 272
Enamelling Aluminium, 282
Enamels, Milling of, 265
Enamel Stock, Nickel Flashing of, 220
Endurance Limit of Alloyed Grey Cast Iron, Effect of Heat-treatment on the, 361
Engineering, Co-operation in, 252
Engineering Export Target, 272
Engineering Opportunities, Agricultural, 392
Engineering Standards, Unification of, 300
Engineering Unions and Reconstruction, 257
Engineering Wages, 401
Engineers to be Released from E.W.O., 168
Equipment, Steel for Low-temperature, 162
Essential Work Orders, 345
Ethyl Silicate, The Application of to Foundry Practice, 31, 61
E.W.O., Engineers to be Released from, 168
E.W.O., Ironfoundry Industry Withdrawn from, 382
Exhibitions:
Forthcoming Exhibitions, 22
Foundry Trades Exhibition, 132
"Modern Homes" Exhibition, 222
National Exhibition of Industrial Design, 1946, 181, 369
Export Control, Relaxation of, 29
Export of Surplus Machine Tools, 322
Exports of Iron and Steel, Imports and, 68, 302, 326
Export Target, Engineering, 272

F

Faulty Cores in a Malleable Foundry, Defective Castings Due to, 208
F.B.I. Conference on Industry and Research, 90, 248, 348

E. Eng. Lib
Sheh

February Iron and Steel Output, 328
Feeding of Castings, The, 253
Fettling Chisels, Steel for Foundry, 321
Fifty-thousand Pounds for Metallurgists, 296
Fitting Pieces of Patterns, 92
Flame-gouging of Steel Castings, 132
Flame Spinning, 257
Formation of Banded Structures in Horizontal Centrifugal Castings, The, 191
Foundry Control, 297
Foundry Industry Statistics, 40
Foundry Labour, Recruitment of, 24
Foundry Magazine, A New French, 234
Foundry Management, Some Thoughts on, 75
Foundry Practice, Indian, 415
Foundry Practice, The Application of Ethyl Silicate to, 31
Foundry, Technical Records in the, 387
Foundry Technician in India, Opportunities for the, 393
Foundry Trades Exhibition, 132
Foundry Union Merger, 240
Foundry Work in the 'Seventies, 115
"Free Enterprise," Manufacturers Want, 152
French Foundry Magazine, A New, 234
French Magnesium Industry, 20
Fuel Efficiency Organisations, Future of, 38
Furnace Bottoms, 350

G

Gas-fired Plants in the Vitreous Enamelling Industry, 288
Gas-pressure Determinator, A Portable, 17
Gassing of Bronzes by Reaction with Moulding and Core Sands, 87, 105, 147, 163, 209, 235
German Aluminium Alloy Pistons, 414
German Die-casting Plants, 320
German Industrial Plant for Reparations, 92
German Iron and Steel Production Figures, 22
German Ironfoundry Practice, 446
German Steelfoundry Methods, 301
German Steel Output, 121
German Technical Reports, 239, 280, 370
Germany, Plant and Equipment from, 43
Giant Rail Press for Russia, 34
Government Factories Allocated, Thirty More, 351
Great Britain, Pig-iron and Steel Production in, 243, 378
Great Britain, Recent Progress in Metallurgical Work in, 271
Grovesend Steel & Tinplate Company, 172

H

Handling Small Cores, 112
Heat-resisting Alloys for Motor-car Gas Producers, 341
Heat-treatment on the Endurance Limit of Alloyed Grey Cast Iron, Effect of, 361
Heat-treatment, Sealing Bronze Pressure Castings Through, 210
Heavy Castings of a Century Ago, 204
High-duty Cast Irons, 241
High-duty Cast Irons, Some Notes on, 169
High Nickel Steel Tubing, 325
High Temperatures, Metals at, 291
Holding Down Loose Pieces, 288
Honour for British Foundryman, 26
Horizontal Centrifugal Castings, The Formation of Banded Structures in, 191
Hypersonic Testing, 325
Hypodermic Needle Tubing, 370

I

Immersion Pyrometer, Temperature Measurement by Means of, 53
Imperial College Union Vacation Work Scheme, 38
Importing Copper in 1946, U.S. Plans for, 212
Imports and Exports of Iron and Steel, 68, 302, 326, 398
Income Tax, Special Act Concerning, 299
Increased Production, Appeals for, 400
I.N.C. Report, 260
Indian Foundry Practice, 415
Indian Iron & Steel Company, Limited, 124
India, Opportunities for the Foundry Technician in, 393
Induction Furnaces, Low-frequency, 293
Induction-hardened Steel, 199
Industrial Accidents, Prevention of, 89
Industrial Significance of the Basic Characteristics of Magnesium, 370
Industry and Research, F.B.I. Conference on, 90, 248, 348
Industry, Employment in, 122, 274
Influence of Tellurium as a Chill-inducing Medium in Cast Iron, Some Initial Results on the, 283
In Parliament, 122, 216, 276, 356, 401
Inspection in a Mechanised Foundry, 133
Inspection, Notes on, 3
Inspection of Rough Castings, 91

Institute of British Foundrymen:

Institute Elects New Members, 213, 433
Branches—
Birmingham, Coventry and West Midlands, 132, 172
Bristol and West of England, 334
East Midlands, 428
